WHY EXCELLENCIA SHOULD BE THE FIRST CHOICE FOR YOUR WARD?

- The vision, planning and implementation is done under the guidance of Team Excellencia led by Founder Director Mr.Venkat Muriki, who has been in the competitive field for more than 20 years, worked across India.
- Sections are not formed based upon merit because we believe that students attitude towards studies can trigger at any point of time. Hence, sections are formed based upon first come first serve basis.
- Mentoring of Students by Senior Faculty.
- Work sessions by same Faculty who teaches the core subject in the classroom.
- Reception and retention power of all students may not be the same. Remedial classes are conducted, after class sessions for students who understand and grasp the subject slowly. Utmost care is taken towards their progress.
- 24X7 Accessibility of Faculty / Center Head / Academic Head / Director.
- Thorough error analysis of JEE-Mains / Advanced / NEET / BITS exam every Saturday/ Monday.

How are we achieving this feat !

Experienced, dedicated faculty with individual Academic support for both offline and online lectures.

Home work analytics - A unique way to make students understand and rectify mistakes in day to day work.

Personal care of students by having limited strength in each class.

Evening follow up of students by sending assignments to mail Id and regularly monitoring it.

Error Analysis after each exam is conducted under the guidance of Senior faculty.

During physical classes sports sessions are being held every day to improve concentration, enhancing the memory and relaxing the mind of the students.

Dayscholars (during physical classes) unlike hostel students get less time to study we overcome this problem by taking the following measures. (time management & meticulous planning)

- Stay back sessions for students / online remedial lectures for slow learners.
- Clarification of doubts by Senior faculty (online / offline).
- As per the need Centre Head and Senior Teaching Faculty addresses the academic problems faced by students even on holidays.

DAY SCHOLARS CAMPUSES

WHO LEADS THE TEAM OF FACULTY?

The vision and planning is done under the guidance of Team Excellencia, led by Founder Director Mr. Venkat Muriki, who has been in the competitive field for more than 20 years, worked across India.

VENKAT MURIKI
FOUNDER-DIRECTOR

WHY ARE WE TRUSTED?

- The only college in the state which facilitates to meet the teaching staff before the admission
- Parents can talk to our present and previous parents / students before taking admission, we shall facilitate with prior permission from them

LOWER CLASS STRENGTH OF 50 STUDENTS PER SECTION

It facilitates good teacher/student understanding. Teacher becomes more capable of ensuring everyone participates and engages the material. This ensures students can't fake it, thus must keep up, while teachers can prevent declining engagement and scores. Further in a smaller classroom setting, students will have the opportunity to interact.

MENTORING OF STUDENTS BY SENIOR FACULTY

Academic Responsibility of each section is assigned to Senior faculty who helps in grooming of academics of child. Academically student is monitored on day to day basis and accordingly remedial measures are taken to ensure academic growth of child.

PARENT TEACHER MEETING ONCE IN EVERY MONTH

At intermediate level students are generally prone to hormone irregularities, which influence their behaviour patterns. In parent teacher meetings, parents get to know the child performance in their academic targets, as well as their attitude and behaviour towards their learning in class and in college. Parents can raise any issues they may have experienced with their children, not just with the academics but other social, health or emotional issues. Such interactions are beneficial in students career development.

WORK SESSIONS BY SAME FACULTY WHO TEACHES THE CORE SUBJECT IN THE CLASSROOM

Students will be able to focus better on what is being taught as their doubts get clarified on what they heard from the same lecturer in teaching session. Students get better results in a condensed, shorter time frame which may not be possible during self study or work session when other faculty supervision is involved. If faculty notices one or more children is having specific problem either in understanding some topic or in applying the learning to their particular situation, he/she (faculty) will offer to help during to help during the work session. The same may not be possible in other faculty supervision.

ACCESSIBILITY OF FACULTY / CENTRE HEAD / DIRECTOR

Parents can meet the faculty at any time day during weeks days; a prior appointment should be taken either through SMS, Mail or WhatsApp. Centre head and Director are available 24x7 through SMS/WhatsApp/Mail. All concerned issues are immediately addressed.

ERROR ANALYSIS AFTER EXAMINATION

A mistake occurs when learners fail to perform to their competence, which might arise due to lack of knowledge in concepts, inability to understand the question, incomplete calculation. List goes on.. When after the exam, child works out on error, he/she will be able to overcome such mistakes under the supervision of faculty.

HOME WORK ANALYTICS

Child identifies the mistakes from daily home work multiple times well before the exam and hence improves performance and confidence We are the only one institute across India to implement this performance enrichment method.

REGULAR FEEDBACKS

- Corporate office makes random calls to every section across every branch once in a fortnight
- Once in 45 days Corporate office takes Physical feedbacks from every child
- In addition to these suggestion box is placed in every branch for students.

IN HOUSING CATERING

The institution has access to full kitchen. Fresh and hot food is served to the students who opt to have food at the institution. The planning and plating will run smoothly on time without causing disturbance to the academic schedule.
