LEADERSHIP

Mr. Venkat Muriki, Founder and Director of Excellencia Junior Colleges and CBSE Schools,

is a remarkable leader and seasoned educator with 23 years of expertise. Holding a Master's degree in Chemistry from Hyderabad Central University, Mr. Venkat's passion for education led him to establish Excellencia with a vision to provide a caring and enlightened environment where the talents of each individual can flourish.

He firmly believes that a sound education, imbued with values, is crucial to molding students into worthy global citizens and conscientious individuals capable of transforming the world into a better place. Today, his vision of "SARVA-TRA SYAT VISHISHTATHA" (Excellence everywhere and in everything) has expanded multi-fold, with a chain of ten junior colleges and CBSE schools. Two of these institutions are recognized as the premium residential junior colleges of Hyderabad, boasting over 5000 students and 700 employees. Their goal is to guide students toward the best career paths, offering a spectrum of academic, sporting, and cultural excellence to enrich their educational experiences and meet the demands of the global community.

In recognition of Excellencia's transformative practices, **Mr. Venkat Muriki received "The Best Educational Institution for Transformational Practices Award for the year 2022-2023" from Telugu Kala Samiti, Bahrain.**

The Economics Times Education acknowledged the vision and mission of Excellencia in the field of education and honored Mr. Venkat Muriki with the "Excellence in Intermediate Level Education Award" at the Economics Times Education Leaders 2023 Summit.

SCHOOL MANAGEMENT

The concept of education has undergone tremendous changes over the last two decades. It is no longer solely about teaching and learning; it extends beyond the classroom. The demand of the hour is to prepare students for life's journey. As the saying goes, "If you give a man a fish, you feed him for a day. If you teach a man to fish, you feed him for a lifetime."

Imparting 21st-century skills such as critical thinking, problem-solving, communication skills, social skills, creativity, and collaboration is pivotal for a student's success, not only academically but also in life. At Excellencia, we comprehend this well and provide a conducive environment for students to learn, develop, and grow in a healthy and organic manner. Our mission is to shape socially responsible citizens and cultivate a sustainable culture within and around us.

Excellencia: Vision, Mission, Motto, Guiding Statements

OUR VISION

SARVATRA SYAT VISHISHTATHA

Excellence everywhere and in everything!

MOTTO OUR DNA TO SUCCEED

• **DHYANA** - Focus • **NIYATA** - Discipline • **Anakula** - Consistency

Focus, discipline, and consistency are all components of mental toughness. These valuable real-world skills prove useful across every area of our careers and lives. Students must know how to bend and not break under pressure, and they must learn how to handle stressful, competitive situations. With our well-qualified faculty, our students find themselves compelled to learn how to get themselves going and, over time, develop strong agency and self-motivation.

GUIDING STATEMENTS

- Accelerate Challenge Enrich
- No student will be left behind. A promise from Excellencia!

SCHOOL INFRASTRUCTURE

GREEN CAMPUS-CLEAN CAMPUS

"Excellencia is located in the lap of nature, providing students with much-needed calm and serenity to concentrate on their studies. It encourages positive changes in student play behavior and promotes more cooperative learning. The plastic-free and paperless zone, spacious campus provides a clean, healthy, protective, and green environment while saving energy and environmental resources. It places restoration at the heart and mind of future stakeholder groups on the planet, Earth!"

01 "DIGITAL CLASSROOMS

Digital classrooms with digital boards. Air-conditioned classrooms with ergonomically designed, comfortable study desks facilitate learning.

02 LOWER CLASS STRENGTH OF 50 STUDENTS PER SECTION

This facilitates personalized insights, attention, and support for each student, ensuring a focus on individual strengths and weaknesses and tailoring teaching according to their needs. Teachers can facilitate better teaching and learning processes, focus on the quality of instruction, and ensure the attainment of target scores. Students benefit from interacting with faculty and peers in small groups."

03 SPORTS GROUND

"The outdoor sports facilities comprise open, free-play spaces that serve as playgrounds for major sports like athletics, track, football, basketball, etc."

04 **COMPUTER LABS**

These tech-rich spaces accommodate more students equitably and provide a place for students to explore, create, connect, and develop digital literacy—cornerstone skills for college and career readiness.

05 **LIBRARY: The Information Ecosystem**

The purpose of your school library is to help every member of our school community—students and staff—gain new knowledge, skills, and dispositions for learning and personal development that they will use throughout their lives.

06 **SCIENCE AND MATH LABS**

This is a workspace where young minds can give shape to their ideas through a hands-on, do-it-yourself mode and learn innovation skills. Young children will get a chance to work with tools and equipment to understand the concepts of STEM (science, technology, engineering, and math) aligned with the curriculum.

07 **LANGUAGE COURSES PROMOTE ENGLISH LANGUAGE SKILLS FOR GLOBAL CITIZENS**

A language lab is an environment that enables all students to practice their English reading, writing, listening, and speaking skills as a global language for aspiring global citizens in the near future.

08 **ART-INTEGRATED CURRICULUM (ART, DANCE, MUSIC)**

Students meet dual learning objectives when they engage in the creative process to explore connections between an art form and another subject area, gaining a greater understanding of both.

09 **AUDITORIUM**

Excellencia is equipped with an auditorium with state-of-the-art multimedia systems.

10 **INFIRMARY**

The infirmary, with a dedicated 24x7 nurse on campus, attends to general health concerns. Also, there is a team of doctors for daily visits to attend to health issues and initiate medication if required.

11 **TRANSPORTATION (DAY SCHOLARS)**

GPS-enabled transport facilities ensure a safe commute to campus and also enable team building and group discussions with like-minded, goal-oriented students, thereby ensuring productivity in academic activity for day scholars.

HOSTEL LIFE & CARE

"Hostel life is a total rollercoaster experience that pushes you out of your comfort zone and straps you on to a memorable joyride of your life. Hostel life teaches many lessons: self-dependence, self-reliance, time management, and many more. These hostel life lessons can help our students live and thrive in any setting, anywhere in the world!"

01 Rooms:

Well-ventilated rooms with attached washrooms and toilets, cupboards, and an A/C facility.

02 WATER COOLERS WITH WATER PURIFIER:

This ensures a clean drinking water supply.

03 CAFETERIA:

The college cafeteria and mess serve nourishing, wholesome snacks and drinks in the most hygienic conditions under the supervision of well-trained staff who ensure the planning and catering of food and nutritional requirements for the students, duly scheduled during college hours.

04 FOOD STALLS/TUCK SHOPS:

We also facilitate food stalls/tuck shops to meet daily requirements and needs.

05 Wi-Fi:

Hostels offer Wi-Fi.

05 Hostel Wardens and Caretakers:

They ensure compliance with the code of conduct and facilitate hostel services for students.

07 HEALTH, HYGIENE, AND SAFETY

- The entire campus is under CCTV surveillance with considerable backup.
- A dedicated housekeeping team ensures the hygiene and cleanliness of the college building, including the study area, dining area, and washrooms. Our hostels offer laundry facilities.
- Medical emergencies during college hours will be essentially handled with due communication initiated with parents and will also facilitate commute and coordination with the nearest known and established hospital authorities.

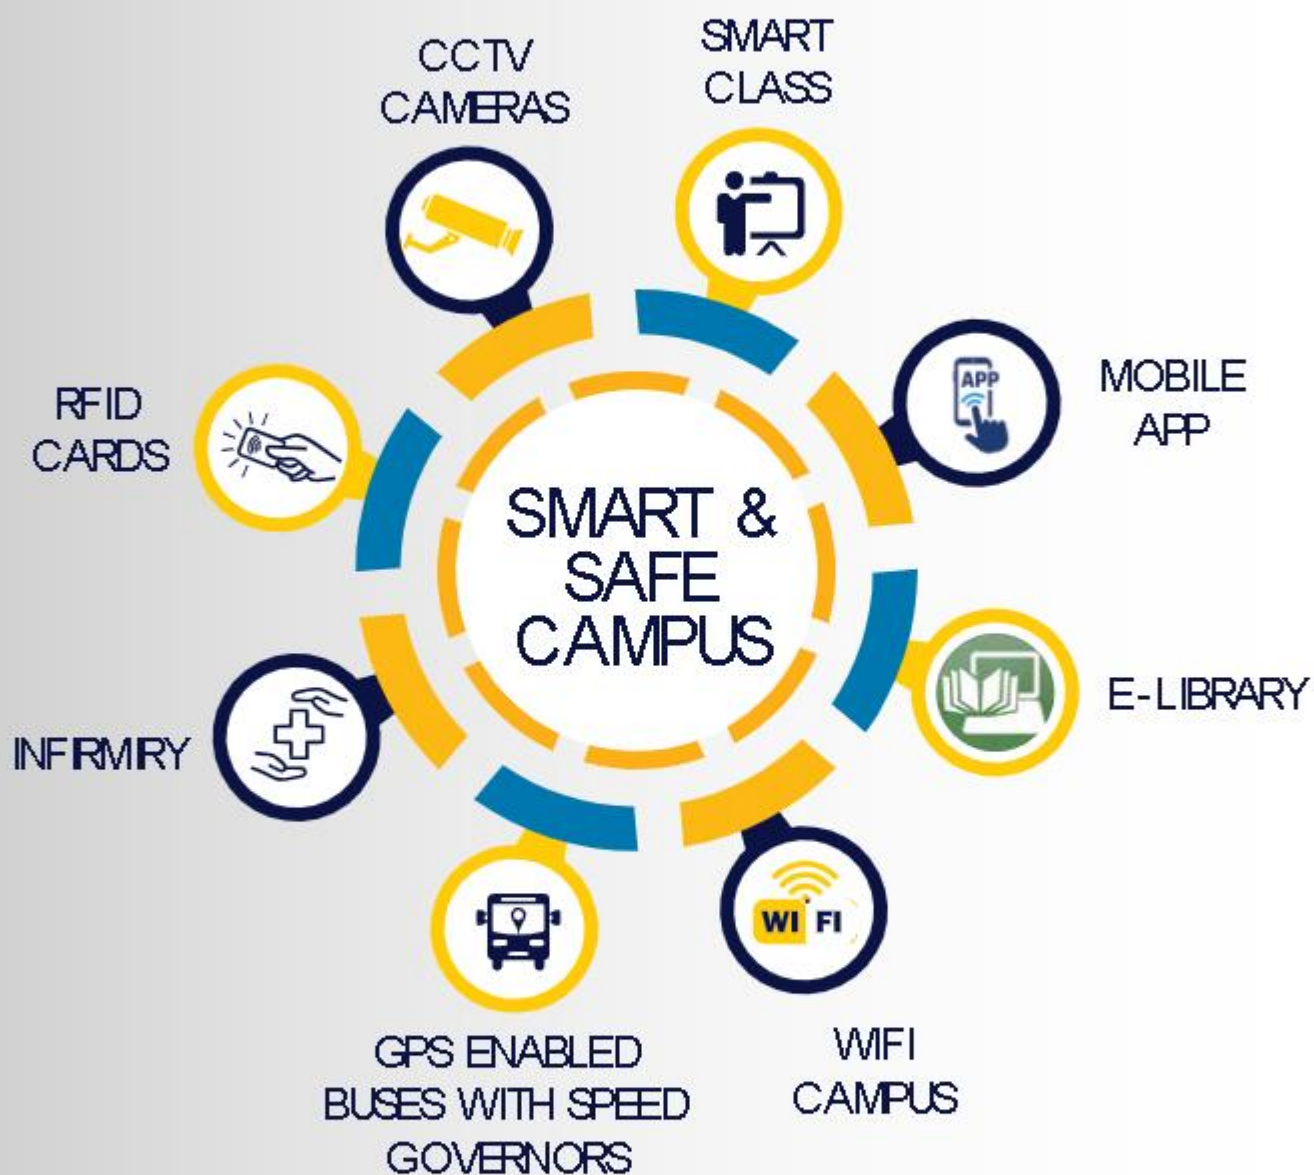

08 STUDENT INVOLVEMENT:

For operational convenience, the Mess Menu Committee, Hostel Maintenance & Cleanliness Committee, Hostel Sports Committee, Hostel Discipline Committee, and Hostel Media/Newspaper/Magazine Committee are formed. Working through these responsible bodies, the students themselves lay down appropriate norms of behavior to suit different situations and social occasions in the hostels.

09 SCHOOL ASSEMBLY

"Assemblies are a great place to meet and greet everyone. They are also an opportunity for students to hone their public speaking skills. Assemblies at Excellencia are special occasions that are mostly theme-based, making them interesting and informative."

SMART & SAFE CAMPUS

10 "AVAILABILITY OF CHILD PSYCHOLOGISTS:

Borrowing some ideas from psychology can help forge strong relationships with high school students, improve their academic performance, and promote a sense of belonging. We are the first ones to have full-time child psychologists to counsel students, parents, and teachers. These sessions have proven useful in handling peer pressure, distractions, etc.

11 IN-HOUSE MENTOR SUPPORT FOR EVENING PREPS:

Evening study hours or student self-learning time, as it is known, is a structured period during which students engage in self-learning under teacher supervision. This time is extremely important, as students utilize it to catch up with the day's learnings and complete homework."

PARENT-STUDENT FEEDBACKS

- Regular, fortnightly feedback from parents over telephonic calls is initiated by a dedicated team from the corporate office.
- We also initiate faculty feedback from students, collected personally by the corporate team in every branch, to address immediate academic concerns.
- Suggestion boxes are also placed in every branch for students to share anonymous feedback, if required, on any pressing issues affecting student performance.

"FACULTY / CENTRE HEAD / DIRECTOR ACCESSIBILITY

Parents can meet the faculty from 8 a.m. to 6 p.m. or during the week with a prior appointment through SMS, mail, or WhatsApp. The center head and director are also available 24x7 to address issues that need immediate redress via SMS, WhatsApp, or email."

WHAT MAKES EXCELLENCIA TRULY DISTINCTIVE?

Teachers & learners[™] "Individuals around the world have the potential to make a difference today, tomorrow, and far into the future. At Excellencia, we advocate for techniques that can assist students. Our curriculum includes elements of social and emotional learning, which help students develop positive relationships with teammates and perform better."

"The first five years have so much to do with how the next 80 turn out."
— Bill Gates

Our
curriculum
is holistically
designed

EXCELLENCIA CURRICULUM MODEL

• PRIMARY SCHOOL PROGRAMME (GRADE I-V)

Holistic Development

"We at Excellencia believe in holistic education, a learning philosophy that empowers students to enhance their educational outcomes and acquire the life skills necessary for a successful professional career. Our classrooms are student-driven, hands-on, exploratory, and interactive, catering to individual learning styles and providing a supportive learning environment. Students have a better chance of emerging with self-awareness, confidence, and a sense of social responsibility.

Swa-Adhyayan is the most powerful, adaptive, and comprehensive e-learning, assessment, and sharing platform ever designed for students to identify their learning style. The Swaadhyayan textbook includes both PDFs and videos to facilitate easy learning and help students understand concepts properly. It offers the option of learning through Knowledge Scoop, which includes quizzes, 'Be a Genius,' virtual tours, learning by doing, and learning through gamification. The platform also contains a competitive kit that includes the Reasoning Wizard and analytical thinking tools, aiding children in blending with their secondary syllabus. It is a user-friendly app, allowing parents and students to log in via mobile, tablet, and computer systems."

• MIDDLE & HIGH SCHOOL PROGRAMME

Helping Teens Tap into the Power of the Future Self

"Reminding high school students why they're in school—so they can become the people they aspire to be—can be a powerful motivator. Foundation classes, aligned with the CBSE curriculum, are designed for those who wish to start early in their quest to quench the thirst for knowledge and move toward success in future national and international competitions, such as Olympiads and NTSE. We build strong foundations and fundamentals from the basics to the highest level of competition in math and science, sharpening logical and analytical thinking to enable students to solve complex problems with ease and confidence."

♦ SECONDARY CURRICULUM

“Students learn more efficiently and sustain motivation to persevere through setbacks when they understand and use strategies that brought them prior success. They recognize and avoid those that were previously unproductive. This self-awareness, especially when engaged in learning—or, more simply put, evaluating how one thinks and learns—promotes knowledge and optimizes understanding, memory, and independent learning skills.”

♦ SIGNIFICANCE OF PREP SCHOOLS (IIT JEE/ NEET / EAMCET)

“Educational competitions in a K-12 setting provide students with safe scenarios in which they can practice these skills. Students faced with tough challenges can learn how to pick themselves up and try again when they fail. Through their participation, they can understand that failing to achieve the best marks is not the end of the journey but just a stepping stone and an amazing learning experience.

What we hope to do is help students see academics as a favorable area in which to measure their progress. To achieve this, we need to place real-world value on academic tasks. We don't mean to imply that students should judge their self-worth solely based on their performance in academic competitions. Rather, they should be able to place a certain level of respect and appreciation on the academic prowess of students with these skills.”

SUBJECTS OFFERED FOR CBSE

GRADE I - VIII	GRADE IX & X CBSE	GRADE XI & XII CBSE
ENGLISH	ENGLISH	MATH /BIOLOGY
MATHS	MATHS	PHYSICS
SCIENCE	SCIENCE	CHEMISTRY
SOCIAL STUDIES	SOCIAL STUDIES	PHYSICAL EDUCATION
HINDI/TELUGU	HINDI/TELUGU	AI
ART	ICT	ENGLISH CORE
CALLIGRAPHY		
PE		
DANCE		
MUSIC		
KARATE		
SKATING		

STUDENT WELL BEING

"The care, security, welfare, and happiness of our pupils come first, as we believe that a happy child, free from worry, will learn and achieve more. Allowing students to help develop classroom rules and take on leadership roles helps foster trust and communication among students, enhancing their motivation to succeed. Through holistic education strategies, including integrated learning formats and community interactions, teachers help students develop a strong sense of self and promote lifelong happiness and success."

TEACHING AND LEARNING

TEACHING AND LEARNING: MAKING SURE EACH CHILD IS KNOWN

"At Excellencia, teachers foster strong relationships by responding to students' strengths and needs and by acting in a culturally sensitive manner. When teachers are able to form strong bonds with students, performance and engagement are positively impacted. At-risk students have a higher chance of success when they feel safe and nurtured.

- Mindfulness routines (short breathing or focusing activities)
- Making real-time adjustments based on body feedback that they're dysregulated (taking a break, asking for help, etc.)
- Providing strategies for managing physical or kinesthetic energy (allowing the use of soft fidgets, standing, moving while processing, etc.)
- Using positive self-talk (prompts or visual reminders for context)
- Supporting students with setting realistic and measurable personal goals
- Helping students with the process of self-reflection"

EXTRA CO-CURRICULAR ACTIVITIES

"Excellencia provides a spectrum of extracurricular activities determined by the skills and interests of our students, such as dance, art, music, sports, etc. Clubs and the House system promote these activities to enhance students' educational experiences, as well as their social, emotional, and communication skills. This allows students to gain experience and apply what they have learned."

THE LEARNER

CENTRIC MODEL

LEARNING BEYOND THE FOUR WALLS (TRIPS & EXCURSIONS)

"Going on a field trip enhances their critical thinking skills and gives students a chance to think about a topic or theme from a different perspective. Academic enrichment trips boost grades, decrease absences, and reduce behavioral infractions. Outside the classroom, students can learn leadership, cooperation, and social skills. They will also learn to be self-sufficient, creative, and hardworking. Field trips to Rashtrapati Nilayam and Oxygen Park were planned with a curriculum in place."

COMPETITIONS & EVENTS

"We are familiar with best practices in designing inter-school and intra-school competitions to help students maximize their benefits. Through competitions, students can gain a better understanding of how to deal with conflicting opinions and ideas, and they learn how to collaborate with widely differing personalities."

COMMUNITY OUTREACH

"Visits to orphanages, old age homes, plantations, cleanliness drives, etc."

"Outreach programs sensitize students to their duties and responsibilities within society and the community. They also serve the goal of citizenship training in education by developing various skills, such as soft skills, leadership skills, and team-building skills."

GLOBAL OUTREACH

01 Model United Nations

Model UN simulations engage hundreds of thousands of students each year, helping them learn more about the principles of the UN and how it functions.

02 TED-Ed Student Talks Program

The TED-Ed Student Talks Program brings students together to discover, develop, and present their best ideas. During these gatherings, students may watch and debate TED talks, explore, and share their own and each other's ideas.

03 SDG School, in the making!

When students learn about SDGs and climate change across the curriculum, they see different parts of the problem—and different ways to be part of the solution. They might consider sustainability in their planning and investigate a topic of practical relevance to their school or community, thus helping them connect science to solving real-world problems.

04 Global Exchange Virtual Programs

Experience intercultural learning, meet peers around the world, and become a global citizen from home!

CULTURALLY RESPONSIVE TEACHING

"We engage students by connecting with and honoring their cultures, experiences, and backgrounds through the celebration of festivals and important national and international days at school. Acknowledging and celebrating diversity fosters communication skills, confidence, and well-being—all of which are crucial when building a culturally responsive learning community and preparing students for a multicultural world."

"Birthday celebrations at Excellencia are occasions for students to express gratitude to their parents and guardians for the gift of life, love, and care bestowed upon them. The spirit of gratitude empowers Excellencia!"

RESPONSIVE TEACHING METHODOLOGY

SPORTS, MEDITATION, AND YOGA

"Children are being brought up in an increasingly fast-paced world with new and more complex stressors. Yoga is one avenue for kids to learn to handle such stressors while also being a great form of physical activity. When taught well, yoga can be a powerful tool to help children discover the interaction between a healthy body and mind.

School sports are widely recognized as having a positive developmental influence on children. Not only do these students get exercise, have a chance to make new friends, and learn about teamwork, but they also improve their self-confidence as they achieve their goals."

CO-CURRICULAR ACTIVITIES

Excellencia believes in All Round development of all the Excellenciatees.. We are the only junior college to provide high academic standards with our blend of activities aligned with 21st-century skills.

THE OLYMPICS OF EXCELLENCIA: KHELO EXCELLENCIA

Excellencia Sports Day Event is an annual mega sports festival where all branches of Students participate with each other to win the ultimate Directors Trophy of the year. More than 1,000 students participate in more than 25 different events is the Olympics of Excellencia.

EXCELLENCIA IDEATION CHALLENGE

The EIC-Excellencia Ideation Challenge is a festival of ideas. This innovative approach is meant to generate ideas and foster creativity. The goal of the challenge is to encourage young minds to come up with new ideas and solutions to the identified problems that can be implemented in the real world. In this event, students brainstorm and develop creative solutions.

FESTS: EMBRACING COLLEGIATE JOURNEYS

Freshers parties mark the exciting beginning of college life, fostering camaraderie among new students. It's a platform for introductions, fun activities, and creating lasting memories.

On the flip side, farewells symbolize the bittersweet end of a chapter, celebrating achievements and bidding farewell to departing seniors. Both events contribute significantly to the vibrant tapestry of college experiences.

EXCELLENCIA MARATHON

The Annual Marathon Run (5k and 10k) is a yearly program where more than 5000 students and 700 staff of Excellencia across all the branches participate with full enthusiasm. Marathons teach us life lessons to push our limits under high-pressure conditions.

01 Director's Talks

Our director, Mr. Venkat Muriki himself, is involved in various academic and non-academic activities on a regular basis. One of the most important activities is direct interaction with students. Being from a glorious academic background, his talks are always thought-provoking and motivating. An event that students always look forward to.

02 Sakhyam Talks

Sakhyam is a motivational talk series from industry or from renowned speakers from various corporate and educational backgrounds. With their academic journey at Excellencia, we understand how our students must start seeing education as a journey that can help them achieve their goals and ambitions. They must develop an understanding of the deeper purpose of education and chart progress against goals that help ignite an internal motivation and drive to succeed in students.

03 ALUMNI GROUP

Alumni play a crucial role in the growth and development of schools in India. They often contribute to the institution in various ways, such as mentoring current students, participating in events, and even providing financial support. Many schools maintain active alumni networks, fostering a sense of community and pride among former students. These networks serve as valuable resources for career guidance, networking, and sharing experiences, creating a strong bond that extends beyond the academic years.

04 CAREER FAIRS

Attending career fairs can help students understand the skills, qualifications, and experiences sought by IT and automotive companies. By interacting with recruiters and professionals, they can gain insights into the industry's expectations and identify potential skill gaps. This awareness empowers them to tailor their educational path, seek relevant training or certifications, and equip themselves with the necessary skills to stand out in the job market.

TED STUDENT TALKS

We are thrilled that we are embarking on an exciting journey by participating in global public speaking platforms such as TED Ed clubs and TED Student Talks. Through these platforms, we aim to nurture their public speaking skills, boost confidence, provide opportunities for unique learning experiences, and empower our students to express their ideas, share experiences, and contribute to meaningful conversations on a broader stage. Your support in this endeavor is invaluable.

Model United Nations, commonly known as MUN, is a dynamic and interactive educational activity that replicates the workings of the United Nations. In this simulation, students step into the shoes of diplomats, representing different countries and working together to address complex global challenges. The goal is to find diplomatic solutions through negotiation, debate, and resolution drafting.

BENEFITS OF MUN

- It promotes global awareness
- Public Speaking and debate skills
- Research and Preparation
- Critical thinking
- Cultural understanding
- Leadership development
- Networking opportunities

STUDENT FEEDBACK

snha 1 review
5 stars
a month ago

I had a very positive overall experience at Excellencia Junior College, Madhapur. The faculty here are very knowledgeable and supportive. They are always willing to go the extra mile to help students achieve their goals. Classes are strictly conducted and are always intriguing. The lecturers are always open to clearing doubts and helping students out with improving their concepts. The weekend mock tests are always a motivation for us to keep working harder. Working sessions in the college are always helpful as we get to focus on the topics that we feel like we're lagging behind in individually and we can always approach the lecturers for further concept clarifications.

Excellent coaching, perfect for intermediate level studies, the faculty is one of the best and very helpful and there is great balance between iit coaching and ipe boards prep. Teachers have also helped me improve my focus and concentration levels. They have also conducted sport competitions and a marathon keeping our health in mind. Overall, one of the best colleges for sure.

I'm a first year MPC student at Excellencia Madhapur. Excellencia is a wonderful college. The teachers go out of their way to help us understand the subject. The classes are very interactive and informative. The best aspect of this institute is that there is a good balance between studies and extracurricular activities.

DIFFERENTIALS OF OUR RESIDENTIAL CAMPUS

KEY HIGHLIGHTS

- » 15-acre lush-green campus with 6 acres earmarked for sports.
- » Only Junior College in entire Hyderabad where academic and productive work Sessions are conducted by senior lecturers.
- » Integrated coaching for the IIT-JEE/NEET and CA foundation.
- » Periodic online exam practice sessions and weekend exams are conducted (IIT-JEE Mains/Advance, NEET, NCERT, and EAMCET)
- » A parent-teacher meeting is held once every two months for more transparency.
- » A/C classrooms with limited strength.
- » A/C and non-A/C hostels with attached Washrooms.
- » Daily "Yoga and Meditation" to increase concentration, focus, and stress management
- » Separate tuck shop for all medical needs and healthy food.
- » Mandatory daily sports under the guidance of PETs to energize for maximum performance.
- » Weekly exam performance can be checked in the parent portal.
- » Weekly Special Menu for Vegetarians and Non-Vegetarians: The Best across any Junior College segments in Hyderabad.
- » Everyday campus visits by qualified male and female doctors and separate four-wheelers for medical emergencies 24x7.
- » Motivational sessions by external speakers.
- » Safe and secure campus, with 24x7 surveillance by CCTV's and trained security guards.
- » In-house psychologist for regular counseling and mental health care
- » The center head/principal resides inside the campus.

EXCELLENCIA SHAMIRPET CAMPUS BOYS & GIRLS

INSPIRATION @ Excellencia

Through our initiative, "INSPIRATION EXCELLENCIA," we foster talent recognition and promotion within its ranks. This inclusive approach extends to both dedicated staff members and aspiring students, creating a nurturing environment that values and propels individual talents to the forefront of organizational success.

Marathons as Life Lessons

The Founder and Director of Excellencia Junior College and CBSE Schools, Mr. Venkat Murki, and his journey to becoming a fitness icon are truly inspiring. Through participation in marathons across the Indian subcontinent, including Hyderabad, Ladakh, and Mumbai, they've not only showcased endurance but also promoted a healthy lifestyle. Their commitment to fitness extends beyond running, as they actively engage in cycling regimes, setting an example for a well-rounded approach to physical well-being. Additionally, their leadership in promoting sports within the organization reflects a dedication to fostering a culture of health and vitality among the team.

"Endurance in Every Stride, Leadership in Every Step."

The Director of Excellencia Junior Colleges and CBSE School, Mr. Raghunath Verabelli, laced up their running shoes to take part in the recent Hyderabad Marathon. The inspiring move aimed to motivate not only the staff and students but the entire organization.

By actively participating in the marathon, exemplified a commitment to a healthy lifestyle and encouraged a spirit of camaraderie within the educational community. This gesture underscores Excellencia's dedication to holistic well-being and unity among its members.

Only action will define us

Hasvi Murki, an 11th-grade student at Excellencia Junior College, Hyderabad, has defied expectations since age thirteen. Conquering mountains and frozen waterfalls, this resilient Telangana native made history as the youngest girl to climb Mt. Island Peak in October 2023 at 6,189 meters. Acknowledged with "25 under 25 awards" from the Student Tribe, she received recognition from figures like Telangana's Governor, Dr. Tammilai Soundarya Rajan, and Haryana's Governor, Shri. Bandaru Dattatreya. Achieving first place in a 10K run and the title of the youngest half-marathon runner, Hasvi passionately supports charities. Locally, she promotes drinking culture and encourages women through platforms like TEDx and Jagran Josh.

No victory is ever small, unless you endure it.

Excellencia Group promotes diverse leadership; Mr. Abilash K. Jose's marathon achievement challenges stereotypes. His journey reflects perseverance and online self-coaching supported by family. Excellencia aims to dispel myths about premier institutes, nurturing hidden talents.

Sports are vital for stress relief and boosting self-esteem. Mr. Abilash emphasizes running's contribution to holistic well-being. The institution encourages sharing success stories, considering each triumph a step toward collective success. Celebrating achievements, big or small, inspires the Excellencia family.
